Subject: Budget Analysis Report

Budget Analysis Report

The purpose of the monthly budget analysis report is to make the County Supervisors and Administration aware of certain issues that may present a problem in the near future or are currently a problem. It is important that appropriate action be taken to address these issues or concerns before they become a problem.

We have analyzed the revenue and expenditure budgets for the County departments as of June 30, 2018 and have noted certain items Supervisors should be aware of.

Revenues

County Clerk

County Clerk Fees – As of June 30, the department has received \$602,972 in County Clerk Fees in 2017 and \$621,680 in 2018 which is an increase of 3.1%. It should be noted that the 2018 amount is at 52% of the budget for this account so the actual revenue received is on target with the budget.

Mortgage Tax – As of June 30, the department has received \$909,775 in Mortgage Tax in 2017 and \$946,688 in 2018 which is an increase of 4.1%. It should be noted that the 2018 amount is at 59% of the budget for this account so the actual revenue received is on target to exceed the budget.

Automobile Use Tax – As of June 30, the department has received \$203,065 in Automobile Use Tax in 2017 and \$210,210 in 2018 which is an increase of 4%. It should be noted that the 2017 amount is through May and is at 44% of the budget for this account, so the actual revenue amount received is on target to exceed the budget.

County Treasurer

Sales Tax – It has been noted that we have collected \$1,144,276 more in sales taxes through June, 2018 than we did for the through June, 2017 which is a 5.0% increase.

Tourism

Occupancy Tax – The department has collected \$90,107 more in occupancy taxes as of June 30, 2018 than we did as of June 30, 2017 which is a 13.6% increase.

Sheriff's Correction Division

Jail Services, Other Government – As of June 30, the department has received \$56,568 in Jail Services, Other Government in 2017 and \$105,066 in 2018 which is an increase of 68%. It should be noted that the 2018 amount is through May and is at 47% of the budget for this account so the actual revenue amount received is on target to exceed the budget.

Westmount Receivables

Medicaid – The County is currently owed \$552,683 in patient Medicaid claims.

The Board has elected to pursue collection of the receivables. On January 22, 2018, the County contracted with a third party for the purpose of determining whether or not the County can rebill for the outstanding claims. If it is determined that the County can rebill, then we will have to hire someone to do the rebilling.

The consultant has completed his analysis of the outstanding claims and submitted a request to the NYS Department of Health to determine whether or not the County will be paid on these claims and is awaiting a response.

Universal Settlement - \$327,093 was recorded as a receivable for a universal settlement prior to the sale of Westmount. This amount is to be paid over a five year period. The first payment is being held up because the new owners of Westmount are contesting that they are entitled to receive a portion of this settlement. **A settlement has been reached whereby Warren Operations Associates, LLC will be receiving \$120,000 of the Universal Settlement. We have received notice that a check in the amount of \$131,579 will be mailed to the County on 7/23/18 with the balance coming at a later date.**

Building & Fire Code

Building Permits – As of June 30, the department received \$85,383 in building permits in 2017 and \$92,606 in 2018 which is an increase of 8%. It should be noted that the 2018 amount is at 51% of the budget for this account so that actual revenue received is on target with the budget.

Lake George Watershed Conference

This issue was previously reported in prior 2013, 2014 and 2015 budget analysis reports and it has been reported that an application for payment has been submitted to the State. We have received \$30,000 in March and were notified that we should expect to receive \$50,000 during the second week in May (we have not received this payment as of the date of this report which was to be paid by the Town of Queensbury) and \$22,000 which was expected to be received in June (we have not received this payment as of the date of this report which was to be paid by the Town of Bolton).

We currently have an outstanding receivable from the Lake George Watershed Conference for \$72,500 dating back to 2007 relating to a Valley Woods Road Project. It is unclear whether or not we have a contract with the Lake George Watershed Conference for this project, but it is our understanding that they are to pay us when they receive State Aid reimbursement.

The grant administrator handling this project for the County has been charged with a felony and everything is currently under investigation so it is uncertain when and if the County will receive payment. Based upon information provided by the Town of Queensbury, the Town fully paid their \$100,000 share of the project to the grant administrator who was acting on behalf of the Lake George Watershed Conference. The County only received \$50,000 of this money. We have recorded an allowance for doubtful accounts in the County Road fund for this other \$50,000 because it is questionable if the County is going to be able to collect these funds and it is likely that we will have to write this balance off.

Health Services

Home Nursing Charges – As of June 30, the department has received \$1,542,699 in Home Nursing Charges in 2017 and \$1,622,942 in 2018 which is an increase of 5.2%. It should be noted that the 2018 amount is through May and is at 39% of the budget for this account, so the actual revenue amount is lagging behind the budget.

Expenditures

Please see the attached Budget Exception report which summarizes budgeted expenditure line items where there is currently a problem or there may be a problem in the future. We are reporting on an exception basis only.

Lake Champlain Lake George Regional Planning Board

The County currently has an arrangement with the Lake Champlain Lake George Regional Planning Board to pay their payroll, payroll taxes, retirement, health and dental insurance and retiree's health insurance and the LCLG Planning Board then reimburses the County. **The organization is currently late in reimbursing the County for May, 2018 health and dental insurance in the amount of \$6,144.**

The organization is routinely one payroll behind in reimbursing the County for wages, taxes and retirement. They should be reimbursing the County each pay week for that particular payroll so that the County isn't advancing funds.

County Debt Balances

The following shows the County's current debt outstanding as of June, 2018 along with ending debt balances for future years:

Again, we invite comments from Supervisors and department heads to expand this into a more useful management tool in these critical financial times.
