This provision "the exception" concerning hours worked when attending an authorized out-of-town conference, training class, seminar or similar education class shall terminate and no longer be part of this collective bargaining agreement one year after the date of execution of this agreement unless both parties agree to extend the same by separate written agreement.
- 2. Agreement by the Department Head and employee must be in writing using a form provided by the

County Attorney and approved by CSEA. - b. For the purpose of computing overtime for all employees, the hourly rate shall be determined by dividing the annual salary of the employee by 2080 hours. - a. Compensatory time shall not be permitted except as provided under the Special Provision set forth below. - b. No employee shall work overtime unless authorized by the employee's department head prior to the time worked.

c. Special Provision - Compensatory Time Off in Lieu of Payment of Overtime. Notwithstanding the foregoing provisions of this section, employees may elect to take time off duty in lieu of payment for overtime worked that they are requested or required to work. Compensatory time off shall be at the rate of one and one-half hours off for each hour of overtime worked. The elections to accrue and take compensatory time off will be made in writing on forms prescribed by the County Administrator. In the absence of any such election, the overtime work will be paid for at the regular overtime rate. Requests for compensatory time off shall be granted in the order that they are received. In the event that more than one request is received at the same time. seniority shall govern. Requests for compensatory time off shall be made not more than thirty (30) days in advance. An employee may accumulate up to forty (40) hours of compensatory time off in lieu of overtime. employee's private automobile for County business at the reimbursement rate allowed by the Internal Revenue Service as nontaxable income.

- d. Except for prescheduled work, the County will provide a guarantee of three (3) hours call-in at a rate of time and one-half in the event an employee is called back to work by the employee's supervisor or department head after the completion of an eight (8) hour day and the employee has punched out the employee's time card and departed for home and before the commencement of such employee's next workday. Notwithstanding the foregoing, it is agreed that no call-in pay is required for holding over an employee at the end of a shift. The employee shall be paid for the amount of time actually worked.

Ending or terminating such coverage shall be subject to negotiation. The County may, from time to time, arrange for similar insurance coverage with other carriers without negotiations or consultation with the Union, so long as the total amount of coverage is not less than \$129,000 and the deductible not greater than \$1,000.00. If an event occurs which causes damage or loss of employees tools and such event is covered by the said endorsement, the County will be responsible for the payment of the deductible, not the employees.

## Section 25 - Eyeglasses & Hearing Aids

The County will replace existing eyeglasses and/or hearing aids if damages by an employee while performing work at the County, except that deliberate damage will not be covered.

### Section 26 - Drug & Alcohol Testing

Drug and alcohol testing will be performed for all employees when involved in an accident.

#### Section 27

Meal sites may not close unless the County has closed for a County-wide snow day or emergency.

#### Section 28

The County will provide each Probation Officer within two (2) tee shirts for the sole purpose of covering the Probation Officer's body armor worn on home visits. Such shirts shall not be worn for any other purpose, and will be lettered "Warren County Probation" on the front of the shirt.

#### Section 29 - Tool Allowance

The County will reimburse mechanics who are required to replace the mechanic's tools broken or damaged in the performance of the mechanic's duties for the cost of such replacement tools up to a maximum amount of \$300 per year. The mechanics must obtain the Department Head's approval prior to the purchase of the replacement tool.

#### ONE PERSON PLOW AGREEMENT

- CSEA recognizes the County's managerial prerogative to implement one person
  plowing or, in other words, direct that only one employee occupy and operate a plow
  truck during the wintertime;
- 2. The County and CSEA recognize that while the County has the aforesaid managerial prerogative, the parties were required to negotiate impacts and have reached an agreement concerning the impacts;
- 3. The County and CSEA have agreed upon the following terms:
  - A. The Superintendent of Public Works and/or designees shall, at his/their option, determine whether to operate snow plow trucks with one or two persons at any given time and under any given weather conditions. A "snow plow truck" is defined as a truck with a plow, wing and a gross vehicle weight of more than 30,000 pounds:
  - B. In the event the Superintendent of Public Works and/or designces determine that a snow plow truck shall be operated by one person during a snowstorm and/or while actively engaged in snew plowing operations, the operator of the snow plow truck shall receive an additional Two Dollar (\$2) increment on the hourly wage normally received by that employee, pursuant to the collective bargaining agreement then in effect;
  - C. The \$2 increment specified in "B" shall not be paid whenever two employees are directed to operate a snow plow truck;
  - D. The \$2 increment specified in "B" shall be payable when the employee is engaged in snow plowing activities during regular time or overtime. The hourly rate increase applies to all overtime hours for the operation of the snow plow truck, as previously defined, for snow and ice operations to include the application of either salt or sand. The hours would start when the Kronos time system records the start of an employee's overtime call in. It would end at the start of the normal work day on a weekday or at the end of a call in for a holiday or weekend. If the snow and ice operation continues at the end of a weekday, the overtime would start at 3:00 p.m. and continue until the employee punched out on the Kronos time clock your workday. If an employee performs one person plowing during regular work hours, the employee would be paid the \$2 increment for the hours engaged in one person plowing:

2min

nn

12h

- E. All other employment practices affecting employees engaged in snow plowing activities, such as shift swaps, shift differentials, plowing by medium operators (the plan is to use heavy operators first then medium operators), etc., shall remain the same;
- F. The County agrees that the employees designated to operate snow plow trucks individually or alone shall receive appropriate training in such operation and will not be required to engage in such work until the training has occurred;
- G. The designation and/or selection of employees for the operation of snow plow trucks either on regular time or overtime shall be made in the same manner as has occurred in the past, when all snow plow activities were two employees occupying a plow truck:
- H. Nothing contained herein shall be deemed to prevent or limit the Superintendent of Public Works and/or designees from determining to operate snow plow trucks with two or one employee(s); and
- It is understood and agreed that the increment, terms and/or benefits provided herein apply to public road plowing activities, and does not, generally, apply to snow plowing and/or snow and ice operations at the Floyd Bennett Memorial Airport or on other County-owned properties (an exception would be if any one person operated snow plow trucks should make passes through such properties as part of the responsibilities of plowing roads).

4. The parties agree that the terms and provision of their agreement, as set forth above, fully resolve all impact negotiations insofar as one person plowing and/or single operators of snow plows during the Winter or while engaged in snow plowing activities and such negotiations are concluded and settled pursuant to the above terms.

Warren County - CSEA Collective Bargaining Agreement dated October 19, 2007 Supplemental Side Letter Form Agreement Concerning Public Health Nurses Engaged in Off-

Hours and Weekend IV Therapy - Final

Dear Jon:

As you know, we have had a number of meetings between management and union representatives concerning, but not limited to, compensation and work loads of Public Health Nurses, who, in addition to their customary duties and responsibilities, provide IV therapy services off-hours and on weekends and holidays based on a rotating schedule. During the course of our discussions, the following became apparent:

- In 2001, the then Director of Public Health, proposed that the County pay a \$1,500 annual stipend for high tech IV nurses if said nurses agreed to be available for on-call IV therapy during evenings and nights, weekends and holidays;
- In 2002, it appears that a budget line was established for a number of nurses to receive the aforementioned \$1,500 IV therapy stipend;
- On or about 2006, the \$1,500 stipend began being considered as a part of the
  employee's total compensation for purposes of calculating overtime it did not
  appear to be considered for purposes of increases to wages;

Z.12010DocsHisalthiAgreemental(V Thurspy Side Letter.wpdlwis)

- 4. During 2009, the County made an adjustment to the stipend such that the amount was no longer used in combination with collective bargaining agreement grade salaries to calculate amounts due for overtime; and
- A new system was needed to balance the work load among aurses and that per diems should be used and were necessary.

Following our meeting with regard to the aforementioned matters, the following was determined and agreed to by the parties:

- 1. Management agreed to weight nursing visits and work toward balancing the nursing loads, with the understanding that this is a management prerogative and therefore the exact weight that would be assigned per visit and the manner in which management would direct supervisors to handle the same, would still be in management's discretion. It was also understood and agreed that while weighing visits and balancing workloads would be somthing that management would strive to do, ultimately, patient needs may, from time to time, require extra work on the part of nurses and ovartime whenever necessary to accomplish the mission of the home care program. Management agreed to privide guidance documents as may from time to time be revised by management to accomplish this goal.
- 2. Compensation for those nurses agreeing to take on-call afterhours (evenings and nights) weekends and holidays IV therapy treatment cases will be such that \$1,500 is added to the collective bargaining agreement grade salary resulting in the creation of a new .1 grade to provide for such additional compensation. This amount will be used for purposes of calculating overtime. The \$1,500 amount will not, however, be subject to incremental pay increases (for example the 3.5% added to all wages in the grade schedules for 2010). In addition, compensation for IV visits will be as set forth in Exhibit "A" hereto;
- Participation in the IV therapy after hours and on weekends and holidays shall be as follows:
  - a. Currently employed full-time nurses who are not trained to provide IV therapy and choose not to do so, will not be required to provide IV therapy services after hours or on weekends and holidays, and will not receive the additional \$1,500 referred to herein:
  - b. Currently employed full-time nurses who are trained and not signed up to provide after hours, weekend and holiday IV therapy treatments may, at the option of management, be requested to provide IV therapy during the normal work day;

- c. Currently employed full-time murses who are trained in IV therapy and elect to sign up to provide after hour, weekend and holiday IV therapy treatments, shall receive an additional sum of \$1,500 as provided herein, except that where the sign up commitment shall only be for six (6) months, the \$1,500 will be pro-rated if the nurse selects not to sign up for the entire year;
- d. Nurses beginning the County's employ after the date of this agreement will be required to be trained in IV therapy and shall provide IV therapy during hours and after hours and on weekends and holidays, if requested by management (no option to decline by these nurses). If the nurses are requested by management to provide IV therapy after hours and on holidays and weekends, they will receive the \$1,500 compensation increase as provided herein of a portion thereof if the term is less than one (1) year;
- e. In addition to the above, the IV therapy program coverage plan shall be as set forth in annexed Exhibit "B".
- 4. Currently employed nurses who are trained in IV therapy and elect not to sign up for off duty IV (and hence collect the \$1500) will not be asked to perform IV therapy during the day provided that the County Health Department has 6 nurses signed up for the \$1500 off hour program and provided that there is no urgent medical need that the County can not satisfy through the use of available County Health Department nurse or per diem nurses. When the nurses signed up for the \$1500 program are less than 6 nurses, the County will use nurses with IV training and who are not signed up for the \$1500 during the day only when other IV trained nurses on the \$1500 program are not first available. Trained IV therapy Nurses not signed up for off duty pay may indicate their willingness to provide IV services during the days and the County may elect to ask them to provide the same.

Finally, the after hours coverage commitment agreement shall be in the form annexed hereto as Exhibit "C".

I trust that you will find that the above is consistent with the understandings reached during our conversations. If you should have any questions or wish to discuss this matter, please do not hesitate to contact me. If, on the other hand, the same meets with your approval, I would request that this letter be executed on behalf of the yourself and a representative of the union

where indicated below so as to represent the side agreement that will accompany the main collective bargaining agreement.

Very truly yours,

Paul B. Dusek

### **COMPENSATION FOR IV VISITS**

**HISTORY:** Since it's inception, the agency has made concessions to ensure coverage of IV cases outside the Monday – Friday, 8 – 5 time frame. This was intended to allow compensation for the availability, extra body of knowledge, and responsibility.

As of January 01, 2002, IV nurses are receiving extra compensation in the form of an annual stipend. The agency seeks to return the after-hours compensation more in line with the union language.

EXPECTATION: IV on-call pay will be \$20/shift as stated in the current contract.

- 1. Compensation for Evening/Night visits (weeknight, weekend, and holidays).
  - A. Scheduled, planned visits (known the last regular business day).
    - three (3) hour minimum pay, at time and half.
  - B. Unscheduled, unplanned visits (unknown til time of shift).
    - three (3) hour minimum at time and half.
- Compensation for Weekend and Holiday visits when working regular scheduled on-call.
  - A. IV visits scheduled will be compensated the same as any other agency visit during that shift at time and half.
  - B. Unplanned IV visits will be seen by IV on-call RN at 3 hour minimum at time and half.
  - C. If the IV rurse is out on an unscheduled /scheduled IV visit receiving time and half at 3 hours minimum and another IV visit is needed and occurs within that 3 hours, no additional 3 hours at time and half will be compensated. If the visit times go over the 3 hours then they will be paid time and half for time over the 3 hours.
  - D. If the IV nurse has returned home after a scheduled or unscheduled visit and is called out again for another IV visit, they will be paid the minimum 3 hours at time and half.

(C & D applies for Evening/Night and Weekend IV call).

These guidelines are in addition to the "STIPEND" conditions.

#### IV Program Proposed Coverage Plan

Pending approval by the full Board of Supervisors on November 19, 2010, the \$1500 stipend will be distributed back to the hourly pay rate of specific nurses.

The stipend will only be given to nurses who agree to take a minimally set amount of after hours call rotation per month (would be 6 shifts per month if 10 nurses participate - 7 full time agency nurses and 3 per diem nurses).

Nurses, if interested, will commit in writing to participating in the IV Program for a six month period, and will inform the supervisor one month from the end of the commitment period whether she/he wishes to continue.

After hours shift on call pay will remain at \$20 per shift, and the overtime compensation plan will remain the same.

Full time nurses will be given first preference in the after hours sign up call utilizing the same rotating schedule plan among the group as has been done in the past. The remaining hours will be a rotated sign up among the per diem nurses so all shifts will be covered.

Assuming that at least seven full time nurses are interested in participating in the after hours program, three (3) per diem nurses will be routinely utilized to "minimize burn out" of full time nurses and to assure no gaps in patient coverage. If less than seven (7) full time nurses are interested, more per diem nurses will be used. Per Diem nurses will be asked to make the same six month commitment to the program and provide a one month notice to supervisor if they do not wish to continue in the program. Additional per diem nurses will be used if there are not a sufficient number of agency nurses. Any required specific in-service training that might be needed for per diem nurses would be paid at the regular hourly rate.

IV nurses who do not wish to take after hours call, will not receive the \$1500 stipend. In order to meet patient care demands, all nurses who have received IV training may be assigned IV patients during the regular work day if there are less than 6 nurses on the IV Team who are receiving the after hours stipend. All newly bired nurses will be trained for IV therapy patient care and any current nurse who has not been trained for IV care may at any time request the opportunity. Any current nurse who has not wished to this point to receive IV training, their decision will be respected. All possible attempts will be made to assure that new IV referrals can be started as early in the work day as possible, and visits will be weighted accordingly.

Nurses who work their regularly scheduled weekends and holidays will not be on IV call any longer than a 16 hour consecutive period following an assigned weekend day or holiday. The weekend or holiday work day is not considered time where extra compensation is paid (\$20.00 shift call) as IV patients are routinely assigned on work days. This plan is for the safety of both the nurse and the patients, and has been identified by IV staff nurses as a concern.

On weekends and holidays, the assignment of weighted referrals will be done as much as patient care demands allow.

# Warren County Health Services IV After Hours Coverage Commitment

I wish to be part of the IV Team, and agree to take after hours on call as needed for a specified number of shifts per month (a minimum of six (6) shifts up to a maximum of ten (10) shifts) for a period of six months. A shift sign up sheet will be circulated on a monthly basis utilizing the same procedure as has occurred in the past. Full time IV murses will have first opportunity to select the shifts they wish to work, and per diem nurses will sign up for the remaining number. If I do not wish to continue to take the after hours on call, I will let my Supervisor, and the Director know one month before the commitment time is up. If I wish to continue, I will sign on for additional six month commitments at the appropriate time frames.

I will receive a \$1500 annual salary differential that will be distributed to my hourly pay rate as long as I agree to take IV on call after hours, including making patient visits if needs arise. Shift on call and after hours compensation will remain as it has been in the past per the attached document.
