

Erosion, Sediment Control and Stormwater Training

July 28

August 4, 11, 18 & 25

12:00 PM - 4:00 PM

Under the NYS Department of Environmental Conservation's Stormwater Permit, all construction site contractors and subcontractors must have at least one trained individual from their company on their construction sites on a daily basis that is responsible for implementation of Erosion Controls and Stormwater Management. These individuals must complete this 4 hour training every **three years** to remain certified on the principles and practices of erosion and sediment control and stormwater management.

This training covers both technical and regulatory aspects of stormwater management and erosion control, and is open to anyone including municipal officials, developers, contractors, non-profit organizations, and others.

With this presentation the NYSDOS is allowing four (4) *Professional Development Elective* (PDE) hours for municipal officials who attend this training.
Contact the NYSDOS for further information to appropriately log your PDE's.

****Training conducted through Zoom****

- Each student must have a camera on their computer, tablet or phone and video streaming capabilities.
- No double or triple viewing from the same device

Cost:

\$75 per person* (see below)
